NVS Management & Corporate Services Pvt. Ltd.

## NVS MACS: A STRATEGIC PARTNERSHIP

At NVS MACS, we are committed to providing value-enriched solutions. We assist companies to :

- Enter and set up business in India, USA and Australia and identify the most suitable model for your business.
- Plan and structure growth and development of your business, including inorganic growth (mergers, acquisitions, joint ventures) and assist with the transformation.
- Enforce compliance and provide expert legal advice.
- Identify, recruit, train and develop your human resource talent at different stages of your business.
- Provide a trusted environment for handling your peripheral activities while you concentrate on the core of your business.
- Analyse current business requirements, provide a team based on your specific needs, and suggest sustainable business solutions that will provide you the strategic impetus to develop your business further.

## OUR SPECTRUM OF SERVICES

Include but are not limited to Business Evolution, Business Development and Legal Services covering various aspects involved in setting up a business starting with incorporation of the company to legal and compliance management to specific HR and Project Management services.

## BUSINESS EVOLUTION

Supporting new business development and business expansion through organic and inorganic (mergers, acquisitions, joint ventures & takeovers) growth:

- Incorporation of companies and all follow up activities for setting up a new business
- RBI compliances with respect to Foreign Inward Remittances
- Identification of business opportunities / partners and formulation of proposals
- Corporate governance and business strategy evolution
- Organizational restructuring during mergers, acquisitions, joint ventures and takeovers

## BUSINESS DEVELOPMENT

Enhancing efficiency of operations by supporting you specifically in terms of:

- Business auditing (legal and financial) to ensure compliance with regulatory aspects and to assess company policies
- Due diligence (legal and financial) of Indian companies identified for foreign investments
- Project financing and planning, including risk management
- Global mobility management of employees at any stage of the business
- HR Services such as core and job related competency development and mapping, including succession planning

## LEGAL SERVICES

Providing you the necessary documentation, advice and support at every stage of developing your business through:

- Advice, scrutiny and preparation of domestic and international contracts and documents
- Representation of international clients in India and Indian clients in negotiating international contracts
- Alternate dispute resolution and industrial relations for organizations in India or abroad, including cross-border issues
- Protection of Intellectual Property Rights and licensing
- Litigatory support in case of legal disputes in India
- Regulatory requirements and compliance management
